Think Quality!

Tessera4x4

THE AVANT-GARDE
"TESSERA ROLL+"

Enhance the appearance and capability of your pickup truck with our range of tough and versatile accessories

*Time to make
a statement*

**Peerless Refinement
and Power
for your pickup truck**

Capable of great transformation

The only roll top cover in the global market that can be upgraded from basic to “spring” (s-Kit) or “electric” (e-Kit) version by just adding one of our kits

**PERFORMANCE
IN ANY CONDITION**

**MEET THE WORLD'S MOST
BEAUTIFUL, QUALITY AND STRONG
ROLL TOP COVER**

Triple operation system

Mobile Phone Application

Simply download “Tessera Roll+ App” on your mobile phone (compatible with iOS/Android) to control your roll top cover.

One Touch

which allows you to open/close the roll unit with an effortless tap.

*(for security reasons this method works only when you are close to the pickup vehicle with your mobile phone)

Key fob remote

Specially designed key fob remote for the main functions of the roll top cover

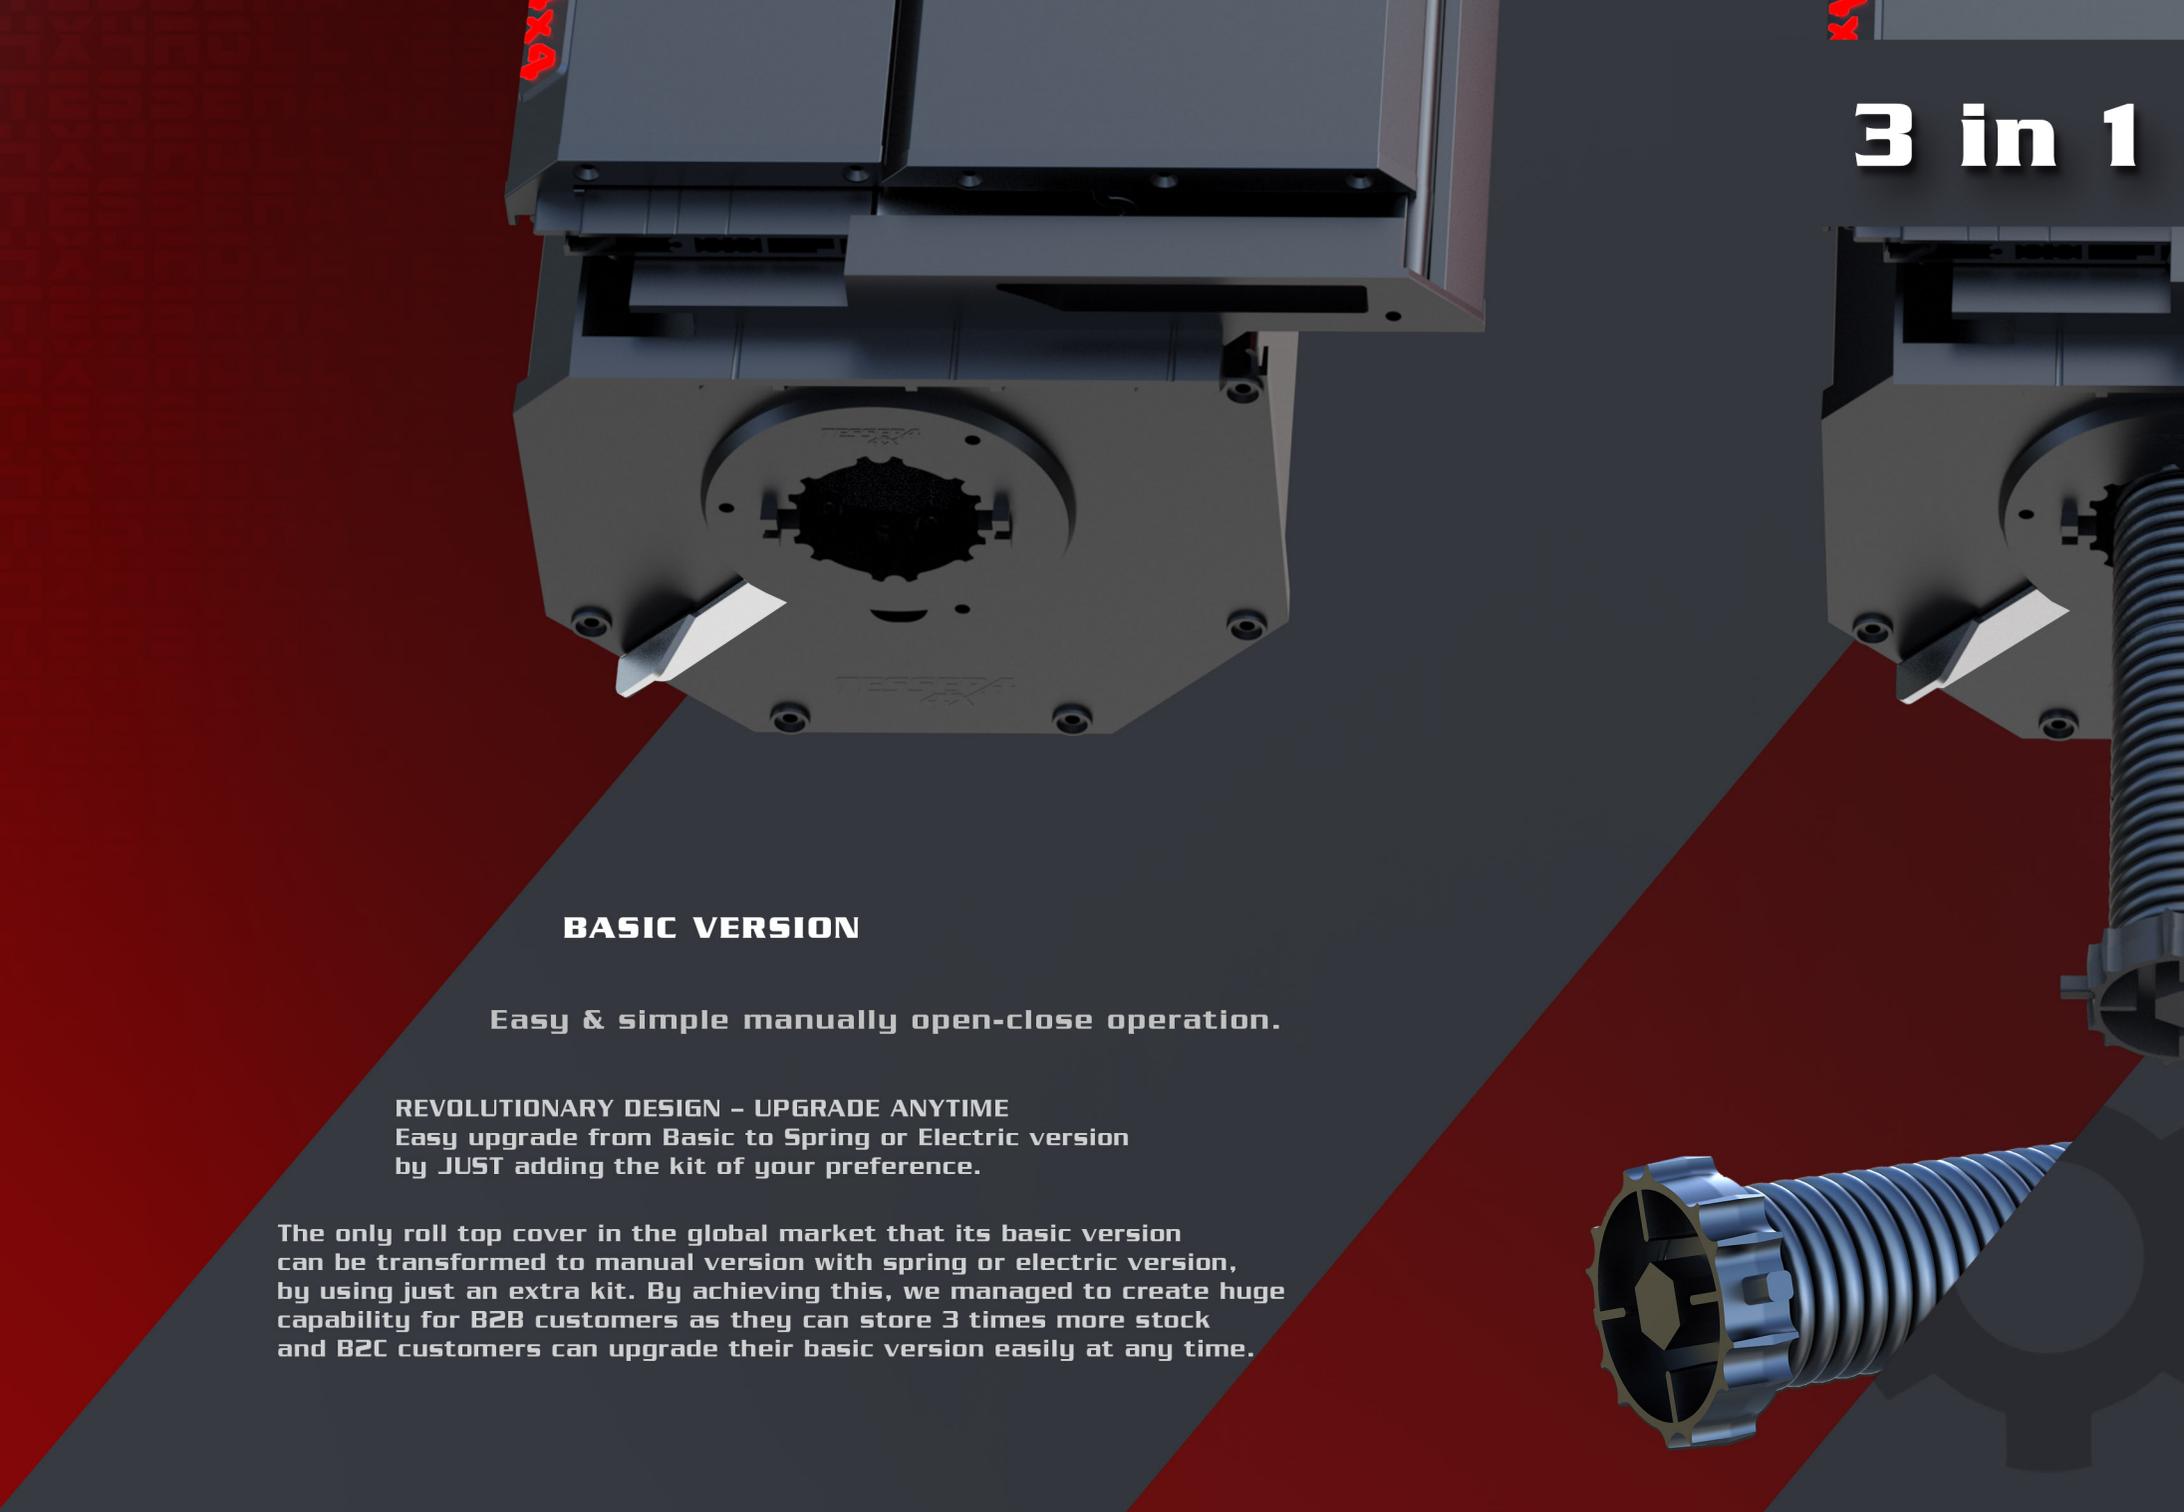

Tessera4x4

Obstacle sensor

Tessera Roll+ top cover has the ability to recognise obstacles thanks to the located sensors into the rear slat, without interrupting motor power

In extreme weather conditions (snow & ice) In case of emergency it stops and reverses automatically.

3 in 1

BASIC VERSION

Easy & simple manually open-close operation.

REVOLUTIONARY DESIGN - UPGRADE ANYTIME

**Easy upgrade from Basic to Spring or Electric version
by JUST adding the kit of your preference.**

**The only roll top cover in the global market that its basic version
can be transformed to manual version with spring or electric version,
by using just an extra kit. By achieving this, we managed to create huge
capability for B2B customers as they can store 3 times more stock
and B2C customers can upgrade their basic version easily at any time.**

Modular Design

SPRING VERSION

Easy & comfortable use.
Upgrade from Basic to Spring version
by simply adding s-Kit.

Put spring motion to roll top cover
and work more efficiently.

ELECTRIC VERSION

Easy and automatic use.

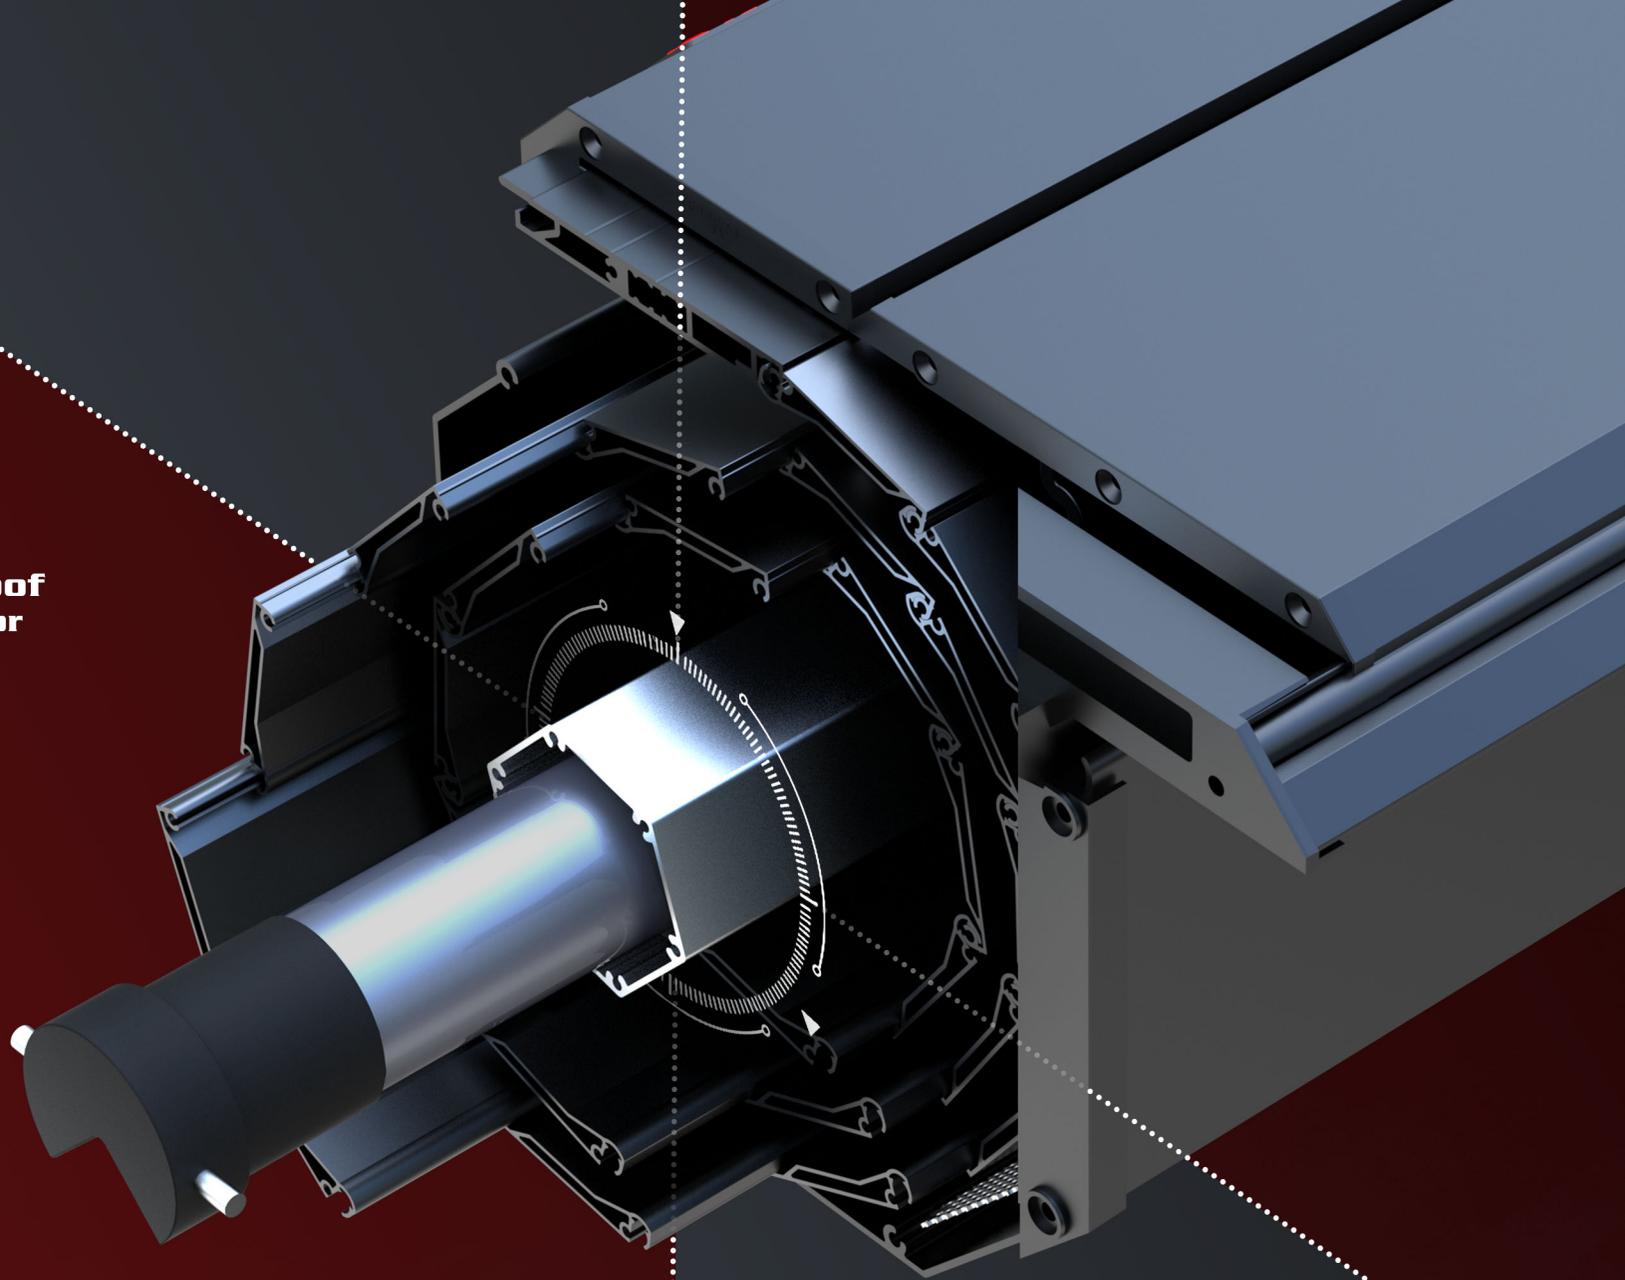

Add e-Kit
and put electric motion
to the roll top cover.

e-Kit comes with a specially
designed AI controller board
with the following benefits:

- No need calibration
- Soft open/close feature
- Maintenance popup alerts
- Mobile App facilities

**Sealed and Water Proof
resistant electric motor**

Located & protected inside
the aluminium (heavy duty)
central shaft.

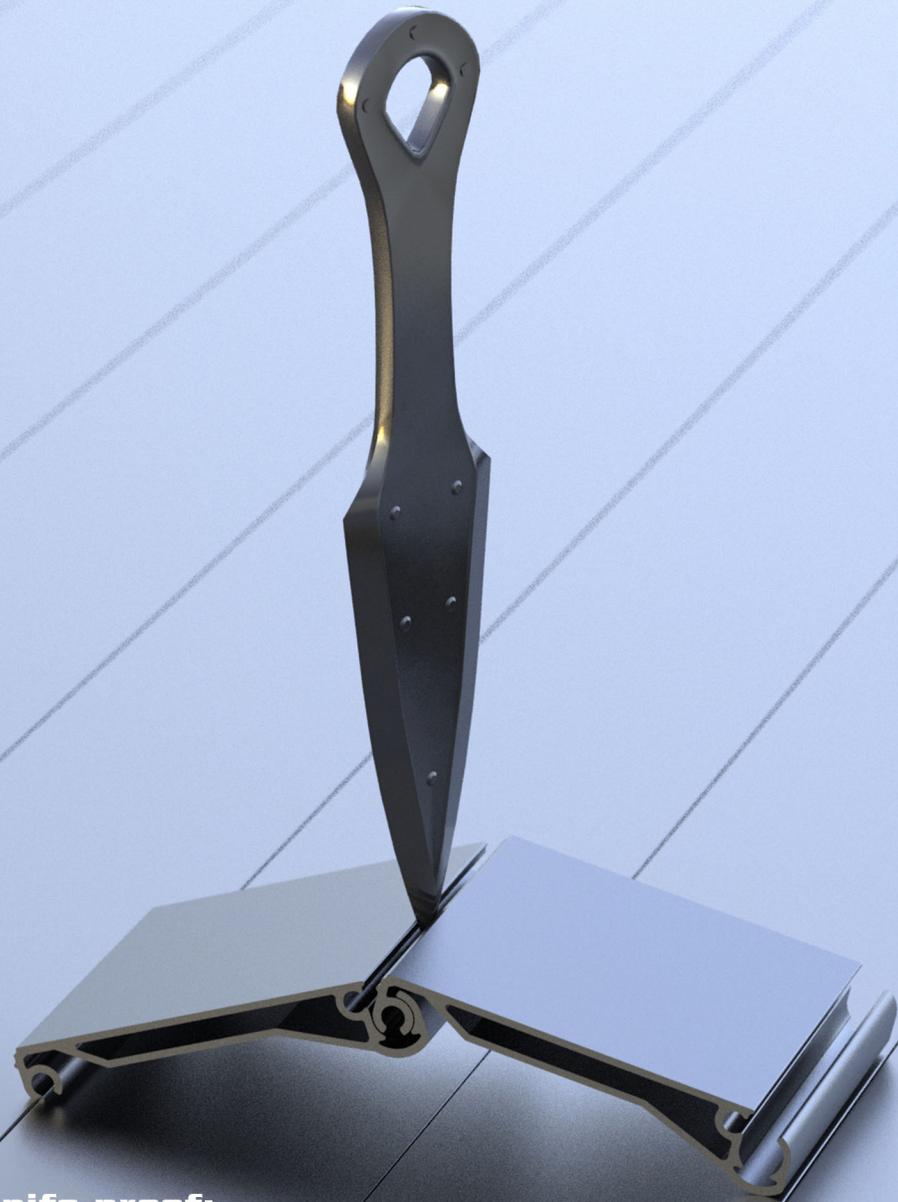

Red LED light bar

A beautiful and practical red led light bar, that can be used as beam light, brake lamp, and in case of e-Kit as obstacle warning flash alert or even as an emergency alarm.

White LED interior light bar

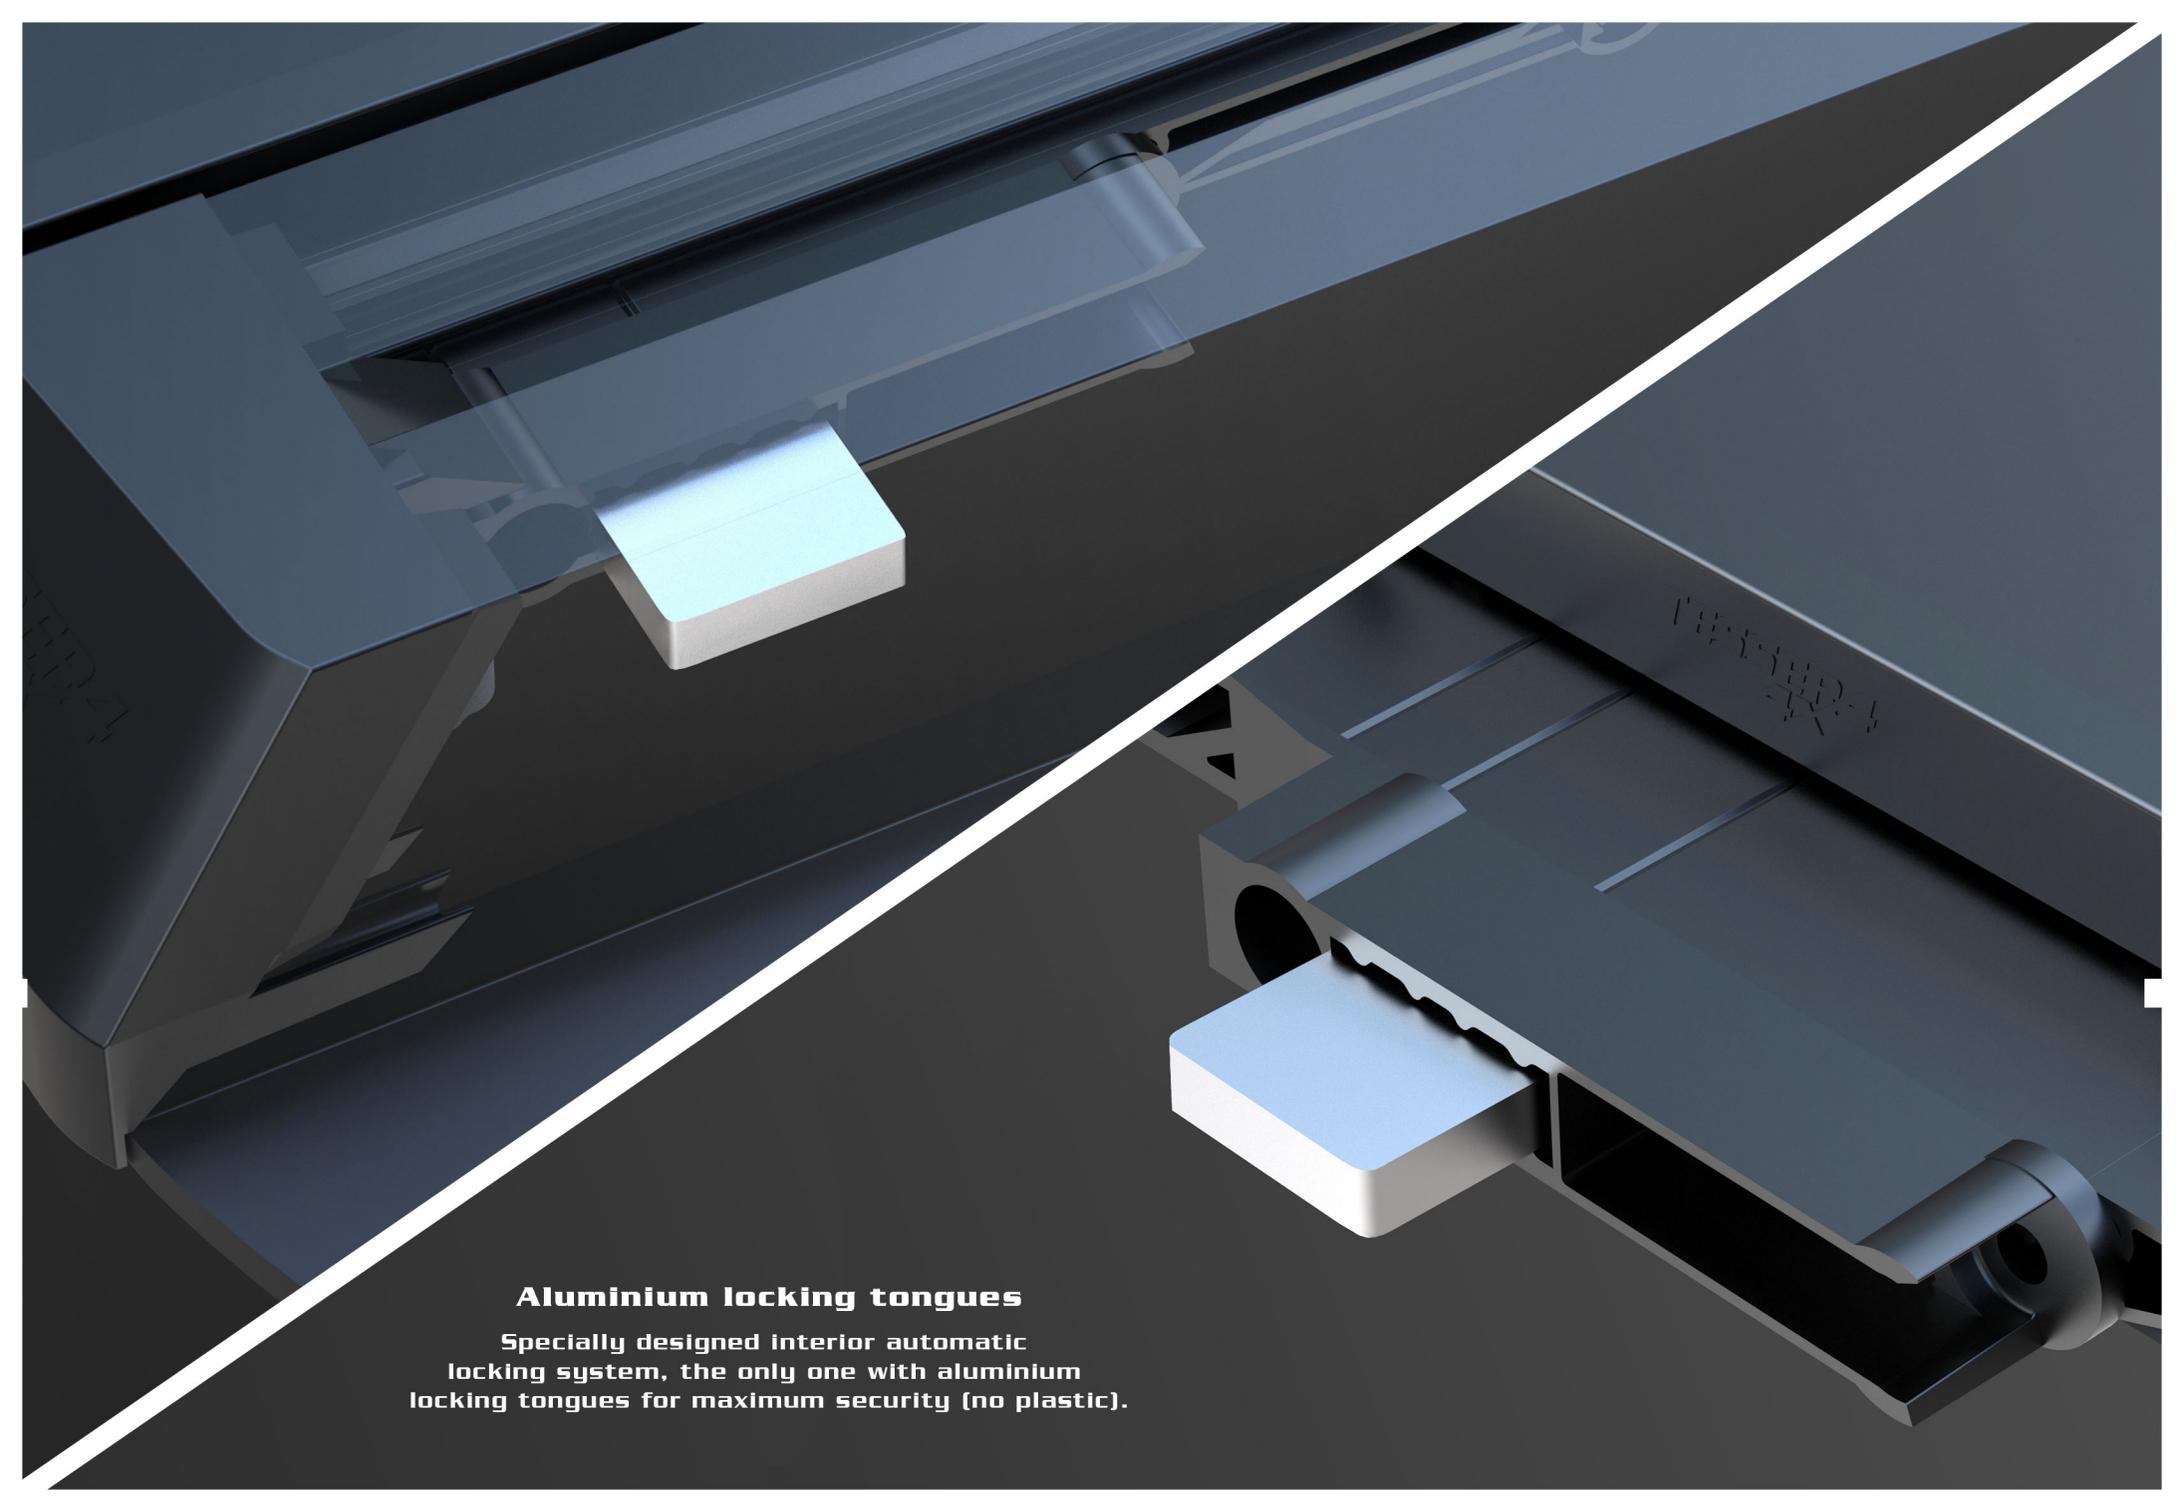

A moving full-length white led light bar located inside the rolling slats in order to spot and focus the trunk area better.

Knife proof:
Specially designed “Knife proof” slats
provide 100% security for the load.

Interior Locking system
for preventing unauthorised access

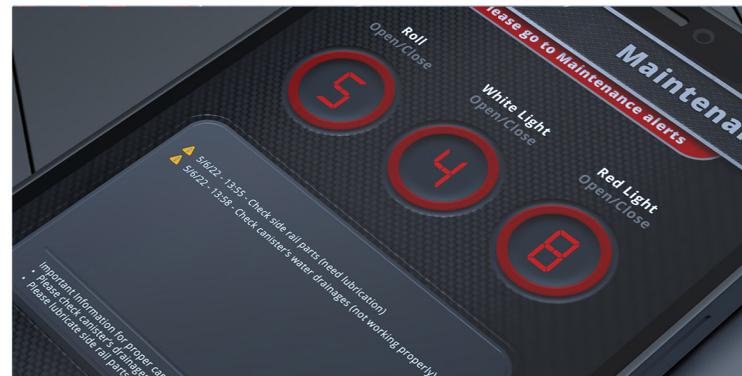

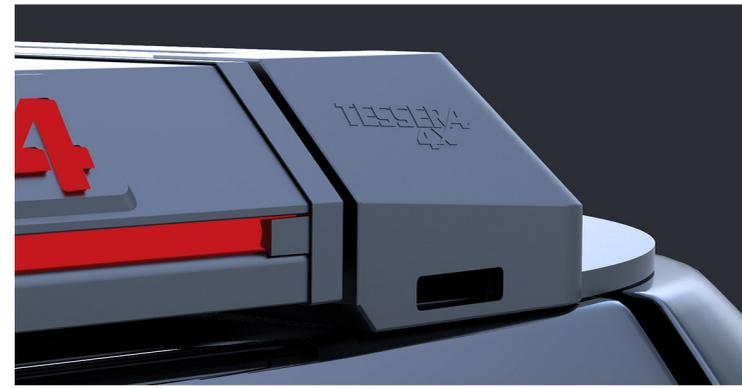

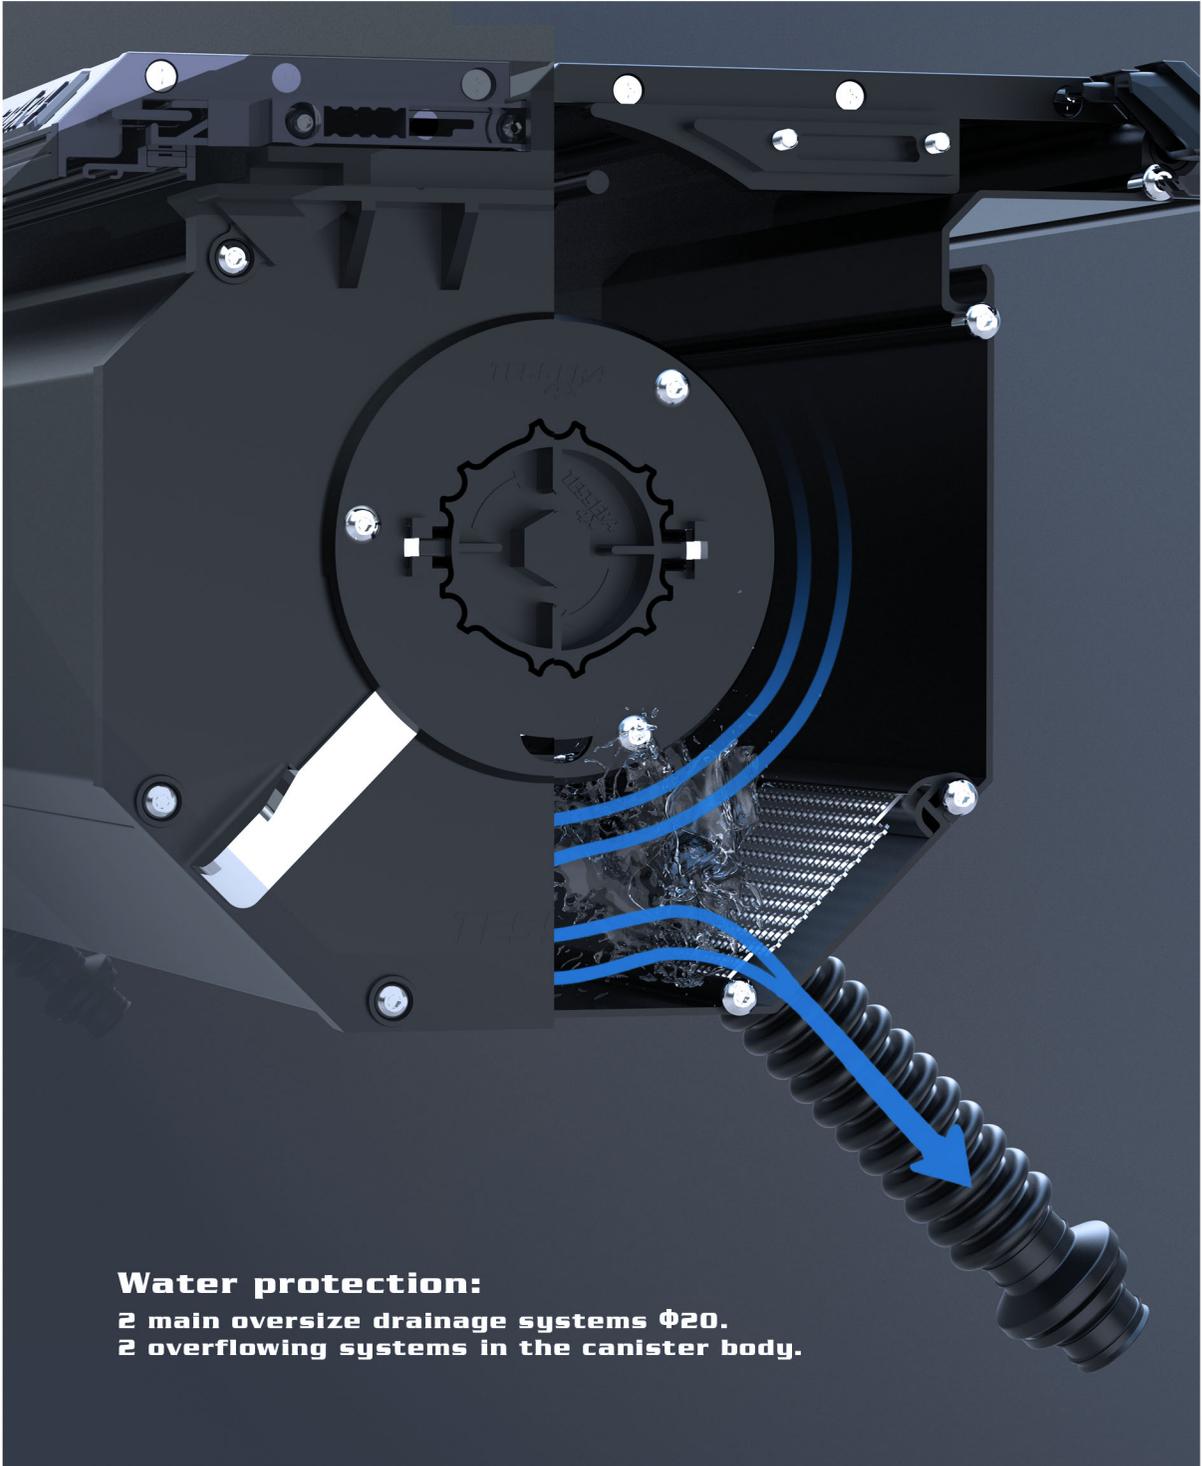

Aluminium locking tongues

Specially designed interior automatic locking system, the only one with aluminium locking tongues for maximum security (no plastic).

The Ultimate weather protection systems

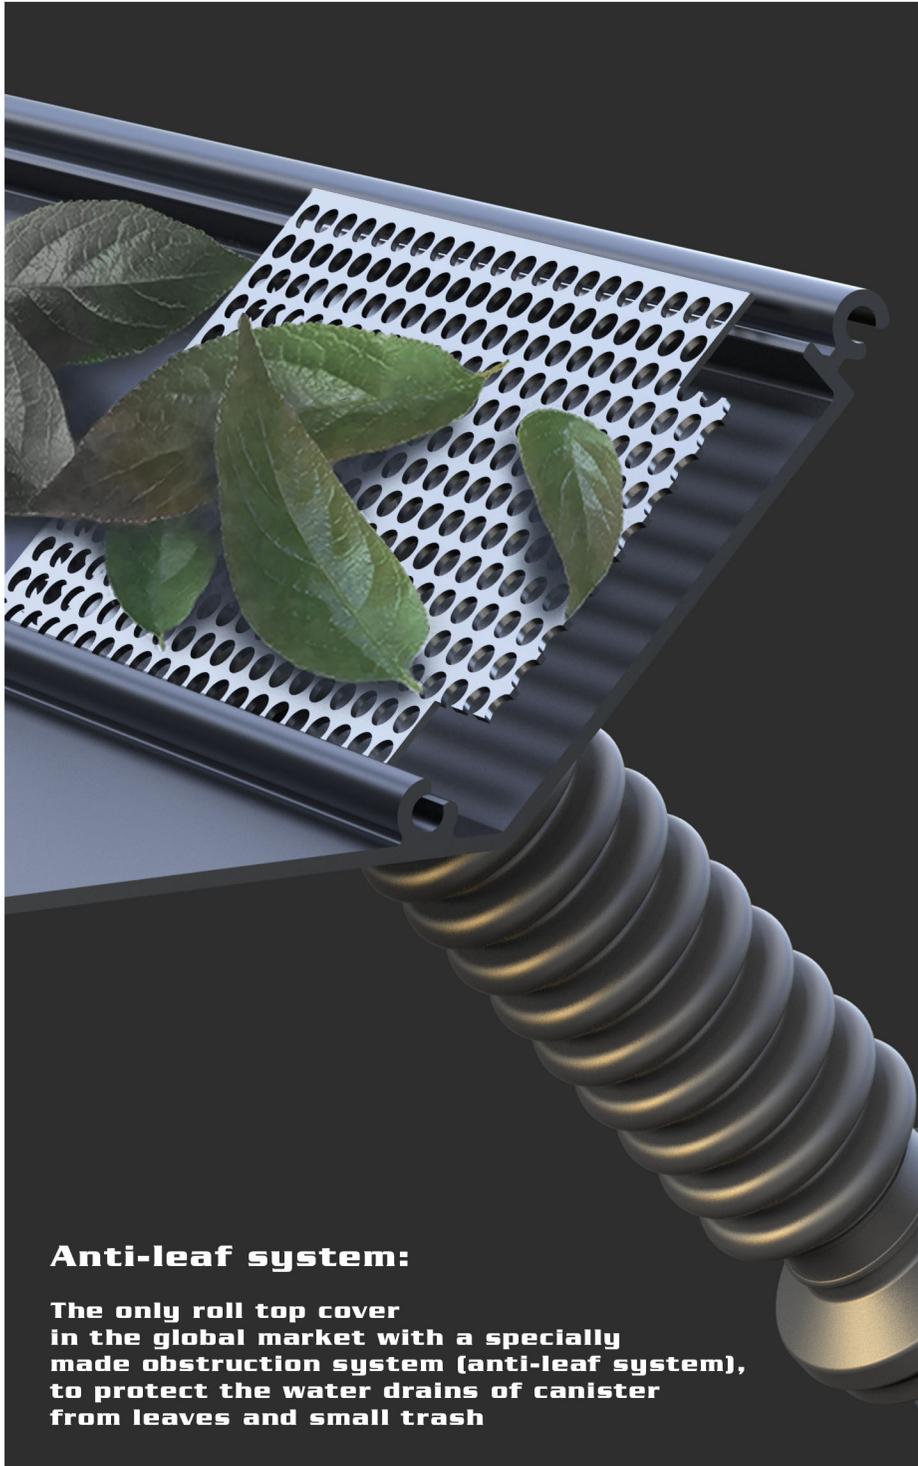

2 Big drains into the side rail parts

Water protection:

2 main oversize drainage systems $\Phi 20$.
2 overflowing systems in the canister body.

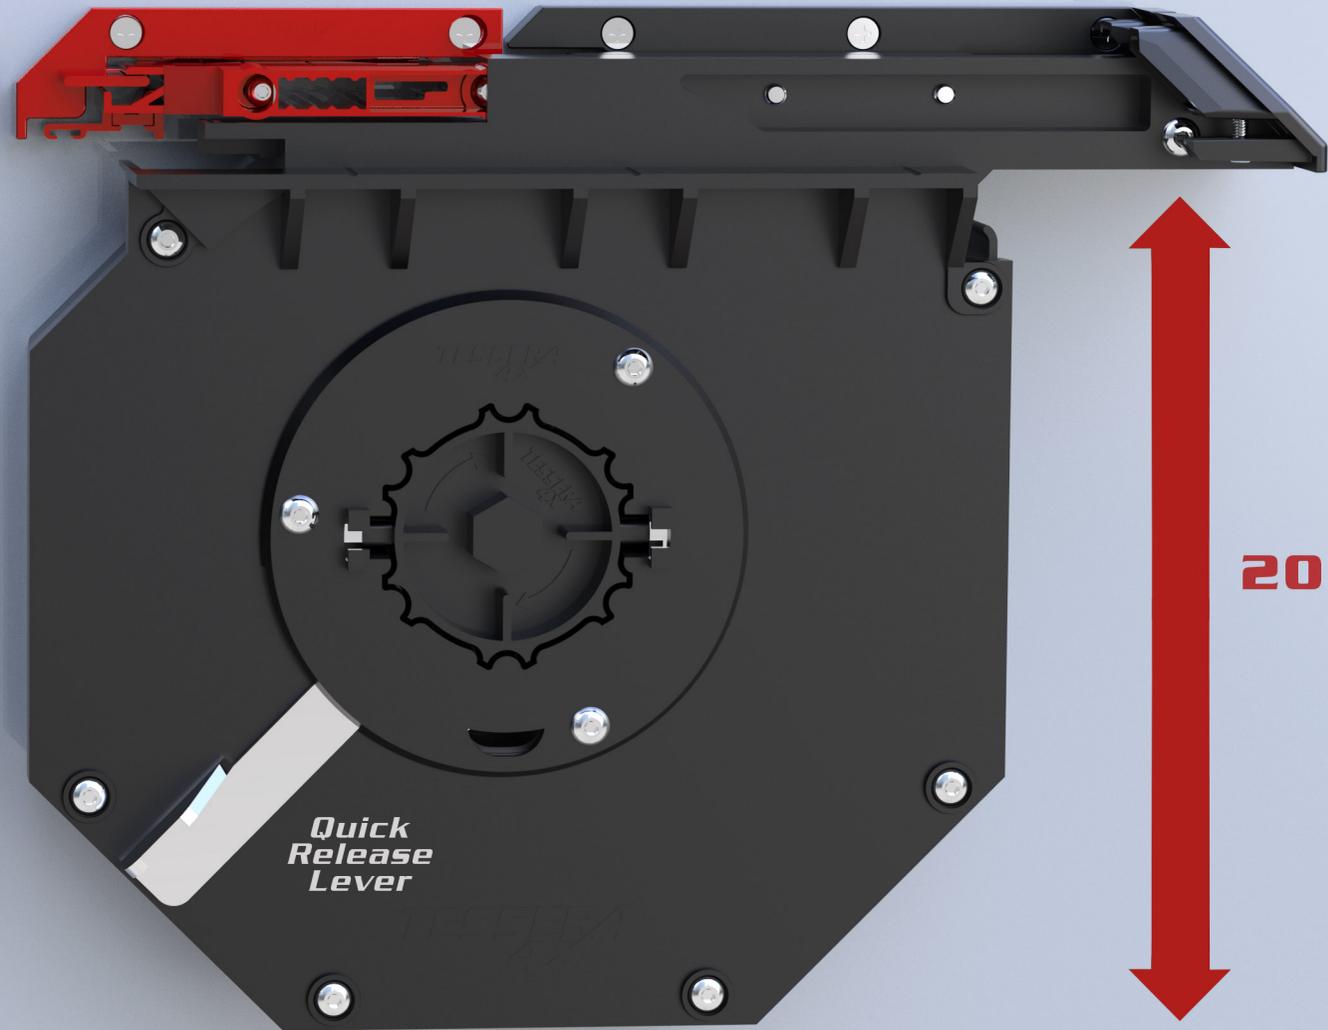

Anti-leaf system:

The only roll top cover in the global market with a specially made obstruction system (anti-leaf system), to protect the water drains of canister from leaves and small trash

Our specially designed rear slat/handle now goes inside the canister area.

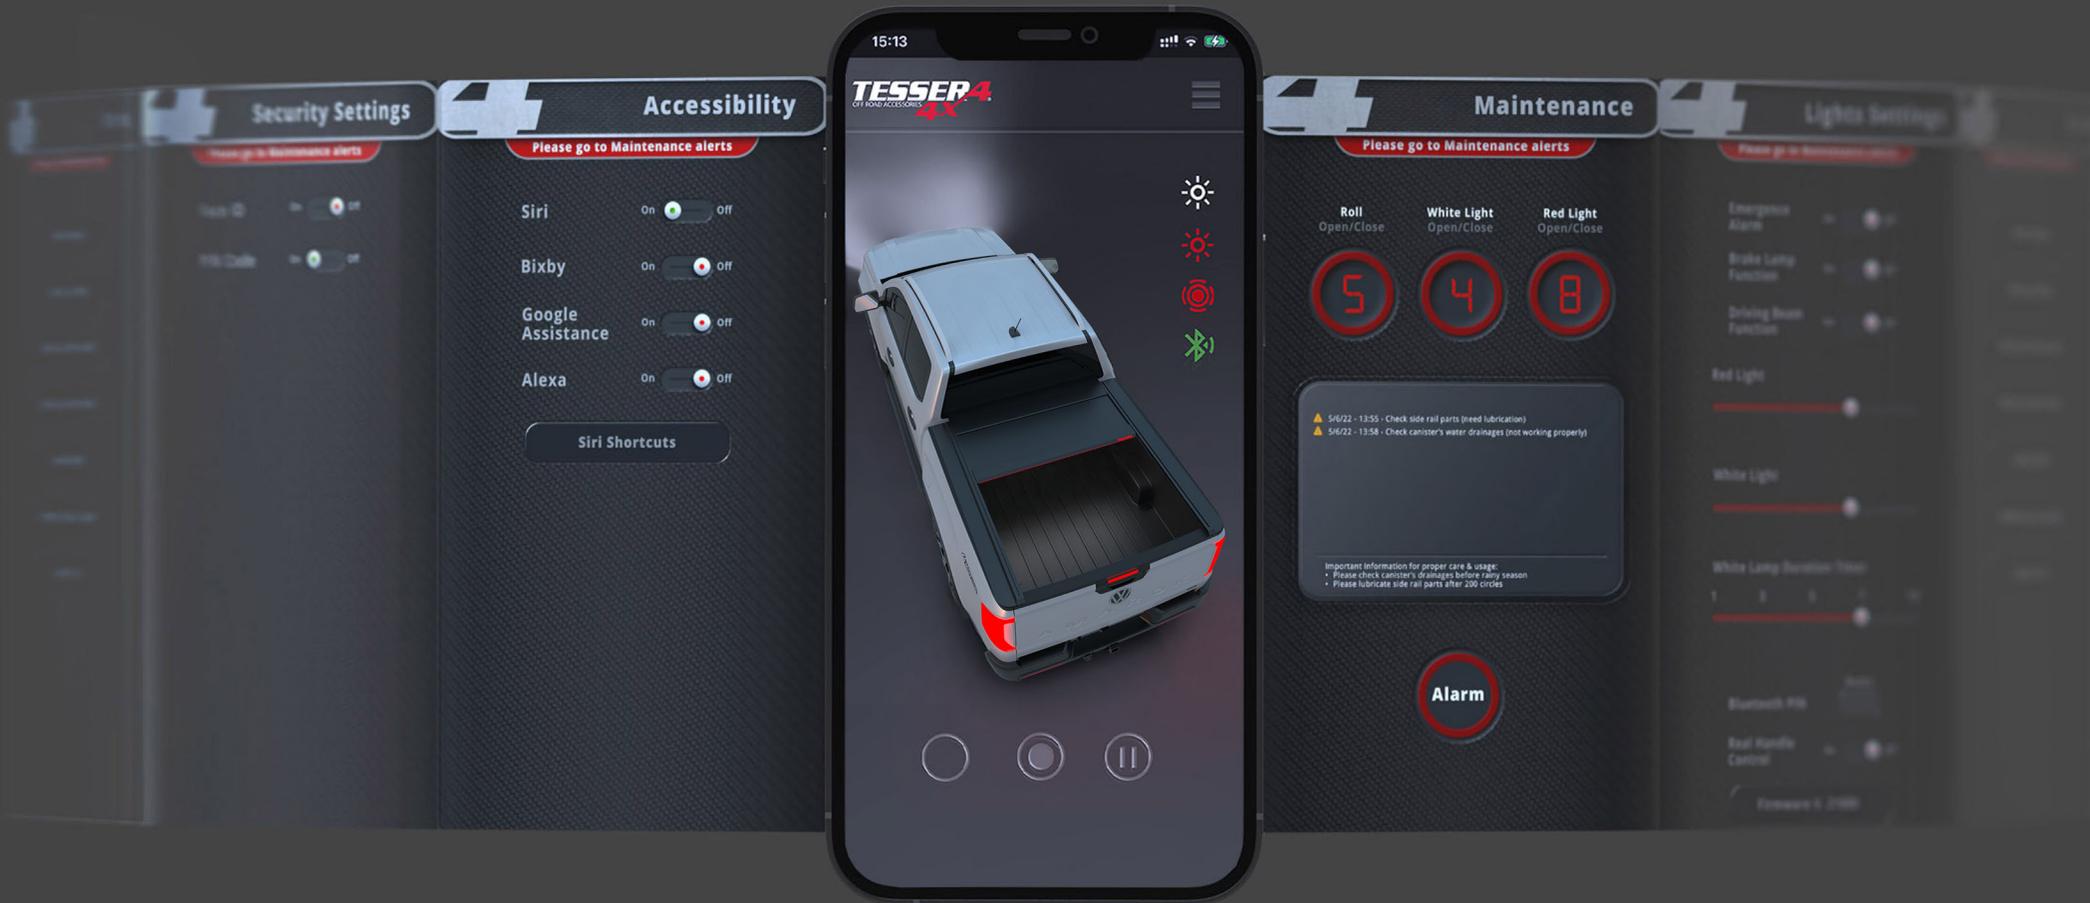

A innovative design that offers the advantage of maximizing load net capacity (both in length & height).
